

## Christmas Songs Q & A

**-Do you have any new Christmas songs?**

No, we are unable to purchase them at a reasonable price.

**-What are the sizes of the individual songs?**

The songs come as TIF files on the CD which means they can be stretched or reduced with some limitations. Click on the Christmas songs tab at the top of your screen. Click on Sample songs. You will be able to down load samples of all our songs.

**-Should I use the “New Customer” form or the “Renewing Customer form?”**

If your specific publication had not previously purchased the initial CD then you would use the “New Customer” form. All the information is handled on the form.

If your specific publication has purchased the CD in the past, please use the “Renewing Customer” form.
